Micronet SmarTab8

The next generation of All-in-One rugged tablet for Fleet Management and Mobile Workforce Management

Micronet SmarTab is a rugged 8" Android-enabled portable tablet, designed for both in-vehicle and out-of-vehicle use to support a host of advanced mobility solutions such as:

Video Safety (ADAS)

Video Analytics

Driver Fatigue Recognition

Engine Diagnostics

Driver Behavior

Fuel Efficiency

ELD HOS

Navigation

Routing & Dispatch

Fleet Tracking

Key Features:

Road-facing and driver-facing cameras | 3G / LTE CAT7 | Wi-Fi | BT/BLE | Octa-Core Qualcomm processor | Heavy and Light Vehicle CANBus support | Android 9.0 | Wide range of vehicle and peripheral interface support | 8" color touch screen | Serial ports | IP65

Video Telematics Solution SmartCam

Integrated Video Telematics features

Video Events

- Safety
 - Reduce number of accidents by driver notifications
- Insurance
 - Reduce claims processing time
 - Event videos to address insurance fraud
 - Reduce claims ratio through highly personalized and actionable coaching
- Driver Behavior
 - Integrates with your enterprise's telematics solution
 - Measures key performance indicators for drivers (safety and compliance)
- Analytics
 - Scores and trends

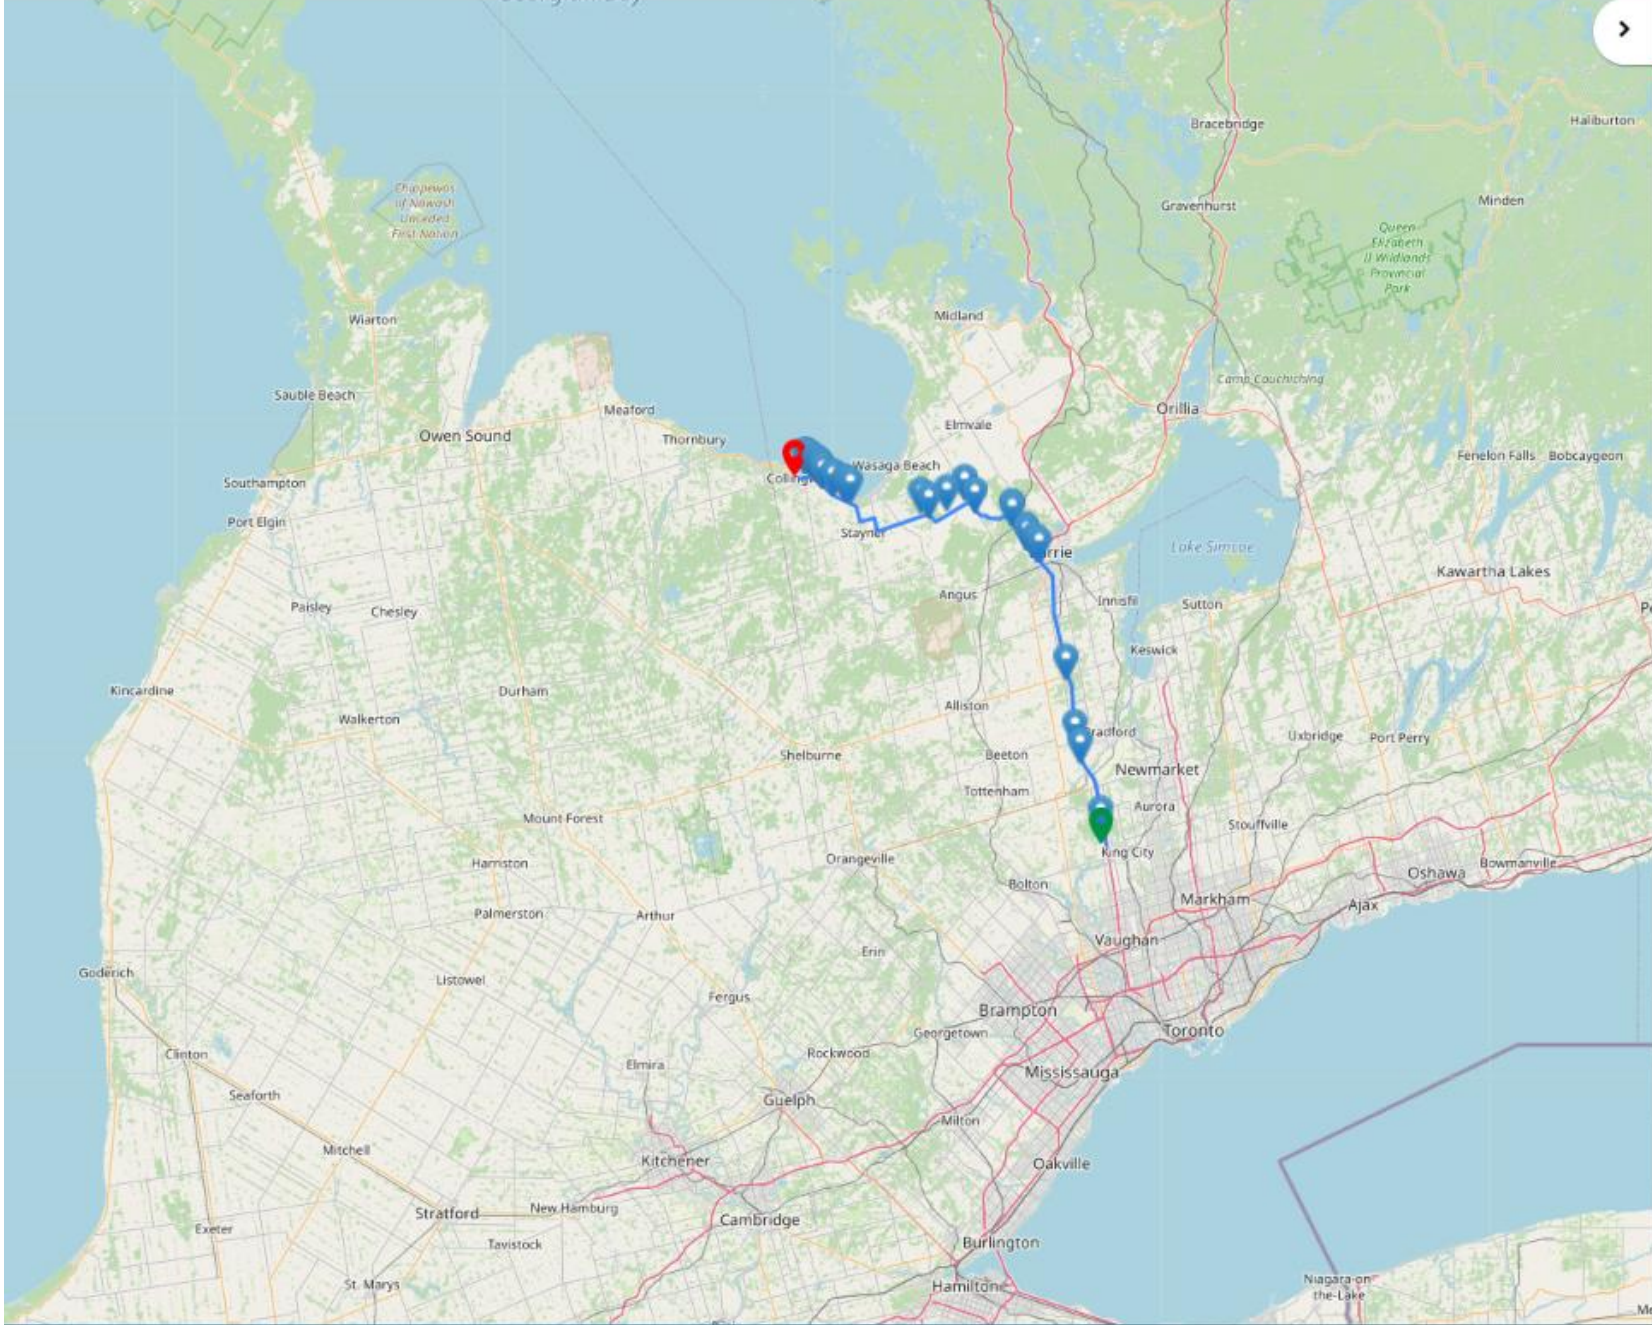

EVENT: Posted-Speed-Violation
2016-09-04, 02:12:55.208Z

Video Events (by 3rd party)

- **Lane drift** is a major cause of car crashes.
- **Lane departure** warning (LDW)
- **Traffic Speed** Violated
- **Rolling Stops**
- **Tail Gating**
- **Cornering**
- **Harsh Braking**
- **Harsh Acceleration**
- **Distraction**
- **Fatigue**
- **ID**
- **Passenger counting**
